- **have chickens, are considering getting them, or want to learn about them**
- **animal control professionals • shelter staff • veterinary technicians**

Preregistration required- CITY CHICKEN CARE CLASS at [chickenrunrescue@comcast.net](mailto:chickenrunrescue@comcast.net)

## **ABOUT CHICKEN RUN RESCUE:**

Every year, domestic fowl, mostly chickens, are impounded by Minneapolis Animal Control (MAC) and 5 Metro Area humane societies. These birds are victims of neglect, abuse and abandonment, sometimes used as a source of eggs or intended for slaughter, fighting or ritual sacrifice. Some are the discarded outcome of “nature lessons” for children or after a hobby that no longer holds interest. After their release from MAC, Chicken Run provides the birds with temporary shelter and vet care, locates and screens adopters within 90 miles of the Twin Cities and transports the birds to their new homes. Chicken Run Rescue is the only urban chicken rescue of its kind and receives no support from any other organizations, institutions or agencies and depends entirely on donations and sales of art merchandise to continue helping chickens. There is a special need for rooster homes. Don't breed or buy- Adopt! There are never enough homes for displaced animals.
